The Career Guidance Forum organised an event named Career Pe Charcha on 4th October, 2018. It was a Group Discussion conducted among the students of our college, a small effort to make the juniors aware regarding the various career opportunities in the commerce field. Our third year student were the panel where they had to answer the questions of their juniors who were in first and second years about the doubts they had in choosing their career path. The Vice Principal and the teachers were also present for the event and shared their experiences after giving some suggestions.

The Career Guidance Forum on 5th October, 2018 had a seminar on the ACCA, a Financial Accounting course. This Seminar was conducted by C.A. Hrudyesh Pankhania, an alumnus of Podar. The speaker briefed the students about the course and procedures and told us how different this course is from other courses and other learning institutes.
