The English Literary Circle started off with its very first event "Much Wow" on Saturday, 16 September, 2017 in G5 at 1 pm.

This was a fun comic strip making event where the participants could make a comic strip, write a funny story or make memes out of the material provided to them. There were 15 teams in pairs of two, who participated in this event. They used their wit, humor, puns, wordplay to make their story as funny and interesting as possible.

The event got over at around 2.30 pm.

And the winners were announced later on ELC's facebook page.

English Literary Circle conducted its second event 'Treasure Hunt' and we saw a huge participation of students this time too.

It was conducted on 28th September 2017 at 12pm in G6

The participants had to come in teams of two.

The event consisted of an elimination round on the projector where the students had to guess the books from their covers, out of which 10 teams went ahead. The second round was a crossword puzzle and 6 teams qualified for the final round, which tested the students on both, literature and knowledge of English language. Students divided into teams solved literary clues and challenges for 2 hours, to find the treasure.

There were students running up and down the college premises looking and hunting for clues and waiting for penalties and cracking the puzzles at various clue spots. The winners were decided on the basis of how early the teams come to the original place.
