Total number of students enrolled (2019-20): 420

In the academic year 2019-2020, around 420 students enrolled for the extension work activity. The Teacher In- charge and Student Managers conducted first and second term training session under the guidance of Field Coordinator. Various activities were arranged for first year students which added value to their learning with these academic activities. A street play was performed in St. Paul School giving a social message. Poster making Competition was also organized. Department students participated in University level competition Udaan 2020 and won 1<sup>st</sup> prize in street play and 2<sup>nd</sup> prize in poster making competition. DLLE also achieved 2<sup>nd</sup> prize in Elysium inter college competition organized by B. L. Amlani College, Vile Parle.

### Details of Projects under DLLE:

#### Status of Women in Society (SWS):

Students under SWS took interview of 40 women's and concluded their experience of survey, with the attached format of given interview and photograph with the interviewee was submitted. This created social awareness in students about status of women and their problems in society.

#### Career Project (CP):

The presentation of various careers were presented to different schools and a 40 pages career project information, brochure and interview with the person pursuing the career was submitted by the students. It gave knowledge to students about opportunities in different career.

#### Annapurna Yojana (APY):

Food stalls were set up catering different varieties of food and soft drinks, handmade products and stationary were also put up on the stall, it was summed up with cost sheet attached by the students. Through this students got to learn Entrepreneurship and management skills.
