

Podar Hiker's Club

Faculty in-charge: Ms. Pradnya Nadkarn

Student Secretary: Mr. Roshan Palkar

The year 2020 has been strenuous for all of us, everything was on hold, and PHC too was not spared. Respecting the Government Guidelines for Covid-19, no hikes were held in the year 2020.

PHC conducted several online meetings with committee members, hosting few distinguished guests and ex-PHC members who shared their experiences with PHC. Many issues were addressed during these meetings, some of which were about the hikes to be conducted in the future and some about how to tackle any mishappenings during treks in general. The election of the new core committee of PHC was held through an online meeting and the responsibility was handed to them accordingly.

Committee also managed to hold a physical meeting in college to discuss a trek that was to be scheduled in January 2021, but the trek was aborted as permission was denied due to lockdown rules.

PHC plans on new hikes and adventures soon as the COVID-19 situation is under control. Until then we all should respect the safety guidelines drawn by our Government and must stay safe.
