

**R.A. Podar College of Commerce & Economics (Autonomous)  
Remedial & Intensive Coaching  
Report 2019-20**

**Faculty-in-Charge: Ms. Pradnya Pramod Nadkarni**

Remedial and Intensive Coaching Cell of R.A. Podar College strives to provide the learners with the opportunities to improve their academic performance. This academic year was utilized with an agenda to boost the reading habit among the learners along with remedial lectures. Hence, a library hour was added in the timetable of the learners who enrolled for the remedial coaching this year. The students were encouraged to spend an hour in the library once every week and browse through the library resources.

The remedial team worked in collaboration with all SYBCom mentors at the time of distribution of Sem-III results. Learners who did not pass in any one or more courses were called with their parents and one-on-one counseling was given for them to attend remedial lectures. Timetable was shared with them at the same time. A total number of 169 learners were enrolled for remedial lectures for different courses as per their requirements and results. The subsequent lectures held for them showed a good number of learners in attendance.

Overall, the remedial lectures were a success with good response from the learners.
