The number of students who attended the lectures are as follows:

FYBCom (Commerce): 74

TYBCom (MHRM): 42

C. Business Economics:

Faculty- Akshay Shingare

Teaching Methodology:

2020-21 was an unusual year for everyone. We were compelled to stay at our homes yet we had to keep the process of teaching and learning going. Remedial lectures also were not an exception to this. A big thanks to the college for adopting the newest technology very quickly. Remedial Lectures were conducted in the form of Revision Lectures this year. All the students were allowed to attend the classes.

- Online Platform MS Teams was used to conduct the lectures and lectures were organized after the regular lectures of the students.
- Online Revision was conducted through the PowerPoint presentations and specially designed notes by the department members. It was an additional step to general Chalk and Talk Pedagogy.
- Students were made acquainted with the Multiple-Choice Questions for their semester examinations by practicing questions in the classroom discussion.

The number of students who attended the lectures are as follows:

FYBcom: 35

SYBCom: 50

TYBCom: 127

D. Foundation Course:

Faculty: Pradnya P. Nadkarni

Revision lectures in the subject of Foundation Course were conducted for SYBCom under the Remedial Cell as per the schedule mentioned below:

Date	Contents Covered
08/04/2021	Module 1 & 2
15/04/2021	Module 3 & 4

Number of the students who attended the lectures are as follows:

On 08/04/2021: 20

On 15/04/2021: 7

E. Business Communication:

The Remedial Cell of R.A. Podar College of Commerce & Economics (Autonomous) was conducted for the subject of Business Communication for all the FYBCom students as per the schedule mentioned below:

Friday, 23rd April, 2021 between 10:00 am - 12:00 pm

Students were required to join the lecture through the MS teams link.

The complete syllabus was covered. The resources like ppt slides, youtube videos were used.

Attendance :

63 students attended the session.

F. Environmental Studies:

Doubt Solving lectures were conducted by the department.

Doubt clearing lectures/ remedial lectures were conducted for an entire week, in the designated lectures as per existing time-table.

Any questions/queries/doubts of the students regarding any unit of the syllabus were cleared during these lectures. Also revision of some portion if required was done in these lectures.

Dates & time:

05th to 09th April, 2021, as per regular EVS time-table.

1. Kapildeo Indurkar
2. Pradnya Nadkarni

G. Mathematical and Statistical Techniques:

Mathematical and Statistical Techniques I

Remedial

1. Plan

The results of Class test I & II , made us realise the need to reach out to students who had been unable to attend all lectures due to various reasons. The department thought it necessary to hold remedial lectures for them. It was decided to conduct a series of lectures for 1 week. All teachers teaching this course would be taking turns to conduct the remedial lectures.

Faculty Members Involved

All teachers teaching this course would be taking turns to conduct the remedial lectures.
Manjusha Sawant

Dr Suresh Hiremath
Rebecca Braganza
Minti Mishra
Sabah Shaikh

Topics Covered

Measures of Dispersion
Decision Theory
Probability and Distributions
Annuity

Teaching Methodology

It was decided to go slow. Repeat the instructions twice. Solve a few problems step by step and give a few similar problems to be solved on their own. We used the PPT and the white board to teach the students.

Results of Students enrolled for Remedial

Mathematical and Statistical Techniques II

Remedial

1. Plan

The experience of conducting Remedial Lectures in Semester I helped us in making a plan for remedial studies at the start of the semester. The students being busy with their various course project submissions and class tests it wasn't possible to engage remedial lectures after completing UNIT I. It was then decided to conduct a series of lectures for 1 week after completion of syllabus. All teachers teaching this course would be taking turns to conduct the remedial lectures.

2. Faculty Members Involved

All teachers teaching this course would be taking turns to conduct the remedial lectures.
Manjusha Sawant
Dr Suresh Hiremath
Rebecca Braganza
Minti Mishra

3. Topics Covered

Probability
Correlation and Regression
Index Numbers
Time Series
Normal and Binomial Distributions.

4. Teaching Methodology

We followed the same successful method of Semester I.

It was decided to go slow. Repeat the instructions twice. Solve a few problems step by step and give a few similar problems to be solved on their own. We used the PPT and the white board to teach the students.

5. Attendance of Students enrolled for Remedial: 59

Remedial Lecture of CS:

After collecting the feedback from the students of TY Bcom it was observed that students want to have revision on Visual Basic. The remedial lecture was planned and scheduled on 5th Oct 2020 from 4.30pm to 6.00pm. This lecture was conducted on MS Teams and attendance was downloaded using the link from MS Teams screen.

H. Business Law:

Revision lecture for the subject of Business Law was conducted on 9th April, 2021 on the platform of MS Teams.

The number of the students who attended the lecture are as follows: 27
